

This map illustrates the proposed 'Standard Rail Only Alignment' for a rail line connecting San Francisco and Oakland. The alignment is shown as a thick black line, with a dashed black line indicating a potential alternative route (SR1) through the bay area. Key locations and features include:

- San Francisco:** The alignment starts in the city center, passing through the Transbay Transit Center (marked with a blue 'T' icon). It follows major thoroughfares like Market Street and the Central Expressway (I-80).
- Oakland:** The alignment enters Oakland from the south, passing through the 14th Street station (marked with a blue 'T' icon) and continuing towards the Existing Emeryville Station (marked with a blue 'T' icon).
- Geographical Features:** The map shows San Francisco Bay, Treasure Island, Yerba Buena Island, and the Alameda-Oakland-Fry and Alameda-Harbor-Bay-Fry bridges.
- Infrastructure:** Major highways (I-80, I-580, I-680, I-880) and local streets are labeled. The map also shows various terminals, including the Oakland International Container Terminal (SSA) and the Oakland Intermodal Terminal.
- Labels:** The map includes labels for 'Standard Rail Only Alignment', 'SR1', 'SR2', 'Transbay Transit Center', 'Existing Emeryville Station', and '14th Street'.
